

PRODUCT INFO

DESIGNATION

helifogo

PRODUCT CODE

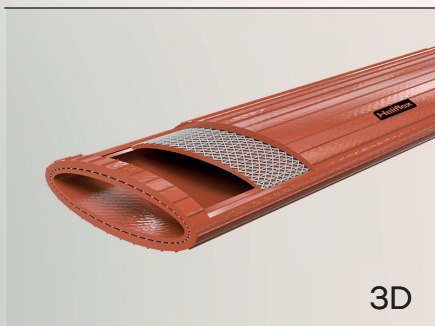

320 398

MATERIALS

EPDM reinforced with a synthetic textile.

STANDARDS

Heliflex internal requirements.

TECHNICAL FEATURES

Flexible; Light-weight; Chemical resistance; Resistance to high temperatures.

the right armor for true heroes

Description

Flat hose made of EPDM and reinforced with high-performance synthetic textile, providing high resistance to pressure. Very flexible and lightweight, it is also easy to clean and does not require drying. Resistant to ozone, abrasion, chemicals, and high temperatures. This flat hose is designed to meet the requirements of direct firefighting.

Application Areas:

Designed to respond to the demands of direct fire fighting.
Industrial use; Fire-fighting.

Main features:

Hose manufactured in EPDM and reinforced with a synthetic textile. Easy to clean and does not require drying. Very flexible and low weight. Ozone, abrasion and chemical resistant. High pressure strength.

Presentation:

Colour: Brick red.

Available in lengths of 20 and 25 metres, depending on the diameters.*

Marking:

Heliflex helifogo Ømm lote data
