

PRODUCT INFO

DESIGNATION

helifogo br

PRODUCT CODE

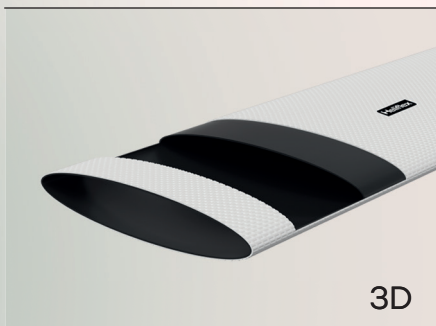

320 397

MATERIALS

EPDM reinforced with a synthetic textile.

STANDARDS

Heliflex internal requirements.

equipment that defies the flames

Description

Flat hose made with synthetic fabric on the exterior and interior with a blend of EPDM rubber. Its robust construction and coating protect the hose from damage caused by abrasion. Resistant to the most severe atmospheric conditions, ozone, large temperature variations, and a wide range of chemicals. Mainly used in firefighting service, in building fire hose reels, and in firefighting brigades equipment.

Application Areas:

Designed to respond to the demands of direct fire fighting.
Industrial use; Fire-fighting.

Main features:

Designed for firefighting: fire reels in buildings and fire department equipment.
Industrial use; Firefighting.

Presentation:

Colour: White.

Available in lengths of 20 and 25 metres, depending on the diameters.*

Marking:

Heliflex helifogo br Ømm lote data

TECHNICAL FEATURES

Manufactured in a synthetic fabric with a mixture of rubber (EPDM), with excellent resistance.
